

Tree Trunk Protector **TreeProtect®**

TreeProtect® is a budget-friendly, effective and a reliable solution to protect trees against mowing damage and rodents. The tree trunk protector is available in the colours brown, green and black.

TreeProtect® has optimal air gaps. Therefore the tree gets enough air and light. Infracture by insects and rot of the tree bark is prevented by the air gaps.

TreeProtect® is easy to install, is 21 cm high and protects trunks to a diameter of 11 cm. For larger trees two or more TreeProtect® trunk protectors can easily be linked together.
